## PORTRAITS

*Children, Family, Seniors*

I love capturing the visual traits that make you an individual: the set of your face; that way you tilt your head when you are talking to someone or thinking; the smile that slowly creeps in when you are relaxed; an all out belly laugh. These contribute immensely to the story of who you are, and I love helping you tell your story. Portrait sessions are never rushed so you have time to relax and feel comfortable. I realize that many people are uneasy in front of a camera, so I try to make the camera blend in and be a part of me. So go ahead and smile, talk and laugh. I'll just keep snapping.

\$300 INCLUDES:

- Up to 2 hours on location, multiple clothing changes
- Password protected online gallery
- \$150 print credit
- CD or flash drive with email friendly photos for sharing
- Additional products available via a la carte

## WATCH ME GROW MULTI SESSION PORTRAIT PACKAGE

The first year of your baby's life is precious and flies by in a blink of an eye. Keep these precious moments alive forever with our Watch Me Grow year-long multi session package. Not only will you have the priceless keepsake of professional portrait photography, but this series is designed to save you at least \$175 off the cost of 4 separate sessions.

\$975 includes:

- Year-long photo story
- Four sessions (Up to 2 hours on location, multiple clothing changes each). We recommend typically at four of the following stages newborn, 3, 6, 9 or 12 months old, but start anytime during your baby's first year
- password protected online gallery
- \$400 print credit (\$100 each session)
- CD or flash drive with email friendly photos for sharing after each session
- One storytelling coffee table book, 8x8 after the 4th session
- Additional products available via a la carte

## PET PORTRAITS

When capturing a pet's personality I like to let animals be themselves. They need time to relax and adjust to the camera's presence. Animals aren't keen on posing so I don't try. Just like us, animals can be stressed or distrustful and if he or she isn't ready you can't force them. *But I'm patient.* When I'm down on the floor or ground and my camera is face to face with a pet, he or she can see me at their level, and this allows their true personality to come through.

\$200 includes:

- Up to 2 hours on location
- password protected online gallery
- \$100 print credit
- CD or flash drive with email friendly photos for sharing
- Additional products available via a la carte
- Custom prints may be ordered from the online gallery, and framed in your choice of style

We have lots of other printing options and products, just ask!

## EVENTS

I photograph events in a photojournalistic style, although posed portraits and group shots are available on request. Pricing details are similar to the basic package for portraits but there may be an additional charge if the event lasts longer than 2 hours. Contact us to customize a package for you.

# POLICIES & OTHER INFORMATION

## SCHEDULING A SESSION/ BOOKING A WEDDING

Portrait appointments should be scheduled several weeks in advance to ensure availability. Session fees are due prior to the beginning of the session. If you are unable to keep your session appointment, please notify us at least 48 hours of the original session time.

Weddings and events require a non-refundable retainer of at least 50% of your package fee to be paid when the contract is signed. The remainder will be due on the date of the wedding or event.

## PRE-SESSION CONSULTATION

For most portrait sessions and events other than weddings, a consultation via email or phone is sufficient. We will discuss locations, outfits, what to expect from us, and answer any questions you may have prior to your session.

A one-hour consultation is included with your wedding package and we strongly suggest it occur at your wedding location(s). If you live or work in the Seattle area, an in-person pre-wedding consultation is advisable. The consultation provides us the opportunity to meet and get acquainted and you'll be able to review our work, ask questions, and discuss what to expect from us during your wedding. If you live outside the Seattle area, the pre-session consultation may be done via email or phone conversation.

## PROOF PREVIEWS

Proofs will be ready 2 weeks after your session/wedding/event. You'll have the option to view your proofs online or in person via a laptop presentation. Online previewing is an excellent option as your family and friends may enjoy the opportunity to view the proofs as well. Your online gallery will be available for at least 3 weeks for weddings and events and 2 weeks for portrait sessions. This is a great opportunity to give friends and family a chance to see and order photos for themselves.

## ORDERS

Ordering is done via the online gallery or in person during the laptop presentation. All orders are prepaid and delivered directly to you.

## PAYMENT

Allen Welsch Photography accepts cash and check. Credit card payments (Visa, MasterCard, & American Express) can be accepted as well as PayPal.

## GIFT CERTIFICATES

Gift certificates are available for any amount. Simply e-mail [gift@AllenWelschPhotography.com](mailto:gift@AllenWelschPhotography.com), or use our Contact page. Identify yourself, who the gift is for, the item or amount of credit you would like to purchase, and include your e-mail and/or phone number.

We accept Visa, MasterCard, PayPal, cash or check.

## SALES TAX

All services and sales provided and/or transacted in Washington State are subject to a sales tax of 9.5%.
